Use the line graphs to answer the following questions:

a) Which day were most cars sold?

b) How many days in the week had over 20 sales?

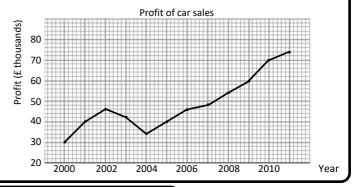

c) How many more cars were sold on Saturday than Monday

d) What profit on cars was made in 2010?

e) How many years saw a profit over £50,000?

f) How much more profit was made in 2010 than in 2002?
